

**Public Service Commission of Wisconsin****City Gas Company****Small Volume Commercial Gas Service - Interruptible****Availability**

This service rate will be applied to commercial and industrial customers for ordinary business purposes, including space heating, whose natural gas consumption is less than 100,000 therms in any 12 consecutive billing months. A customer will be removed from this Rate Schedule if the customer no longer qualifies for service under this Rate Schedule. An annual review will occur in June. If the 12 months usage increases to 100,000 therms, the customer will be transferred to the In-2 rate schedule. The customer shall remain on the assigned schedule until the next annual review. This requirement may be waived if, upon determination by the Company, a customer's annual consumption has been affected by extreme weather conditions. Changes in rate classification will be effective for the billing period immediately following the determination of eligibility and customers will be bound by the terms and conditions of the new Rate Schedule.

Unless otherwise agreed to by Company, new customers requesting interruptible service will initially be placed on Rate Schedule In-1 and remain there until their consumption causes them to be moved to Rate Schedule In-2

Available to any customer who:

1. Will curtail or interrupt service upon request of the Company.
2. Will provide and maintain suitable and adequate alternate fuel standby facilities and fuel inventory, or will discontinue use, during an interruption, of any equipment for which alternate fuel facilities are not maintained. Alternate fuel is an energy source other than natural gas.
3. Signs a contract for service under this Rate Schedule with the Company for a term of one year with one-year automatic renewals thereafter unless terminated with a six-month written notice to the Company prior to November 1 of the year of termination.

**Applicability and Character of Service**

Gas supply provided by the Company to any customer under this Rate Schedule shall be on an interruptible basis only and the Company shall have the right to interrupt deliveries of gas supply hereunder, whenever and to the extent necessary such interruption, in the sole judgment of the Company, may be required. Provision of natural gas supply under this Rate Schedule shall be subject to interruption whenever required to protect availability of gas supply to customers served under any of the Company's firm gas services.

**City Gas Company****Small Volume Commercial Gas Service - Interruptible****Applicability and Character of Service (continued)**

At the Company's sole discretion, telemetering equipment may be required to be installed by the Company before service will be provided on this Rate Schedule. If required, the customer must provide a business-grade telephone line to allow the Company continuous access at any time for meter reading purposes and connection to existing electrical facilities as necessary for operation of the telemetering equipment. Once telemetering is installed, the Company, at its option, may bill the customer based on telemetered consumption, provided that actual meter readings are taken no less often than once every six months to verify the telemetered consumption.

**Utility Charges**

## Distribution Charges:

Fixed Monthly Customer Service Charge	\$60.00
Volumetric Distribution Service Charge	\$0.1629 per therm
Act 141 Service Charge <u>1/</u>	See Sheet 20.1, Schedule ARC-1

## Gas Acquisition Charges:

Volumetric Administrative Charge:	\$0.0174 per therm
Natural Gas Base Rate	\$0.5361 per therm <u>2/</u>

1/ Act 141 charges are included in the Volumetric Distribution Service Charge

2/ Subject to adjustment for cost of purchased gas. See Sheet No. 11.5 for purchased gas adjustment schedule and refund provision for current effective rates.

**Minimum Monthly Bill**

The minimum monthly bill shall be the fixed monthly customer service charge. Distribution volume charges and gas acquisition charges shall be added to the minimum monthly bill.

**Billing**

Bills for natural gas service are rendered monthly and become due and payable upon issuance following the period for which service is rendered. The utility customer may be given a written notice that the bill is overdue no sooner than 20 days after the bill is issued and unless payment or satisfactory arrangement for payment is made within the next eight days, service may be disconnected pursuant to Wis. Admin. Code ch. PSC 134.

**City Gas Company****Small Volume Commercial Gas Service - Interruptible****Penalty Clause**

Customers are responsible for an additional charge for unauthorized use upon failure to curtail or interrupt natural gas requirements when notified by Company. Availability of this charge does not preclude Company from physically controlling customer's gas supply upon customer's failure to curtail or interrupt. The additional charge for unauthorized use shall be assessed as follows:

1. During a curtailment or interruption when interstate pipeline capacity is not limited, the additional charge shall be the greater of incremental cost to the Company that results from a failure to curtail or interrupt, or \$2.00 per therm for gas used in excess of the maximum quantity level requested by the Company.
2. During a curtailment or interruption due to capacity limitations on interstate pipelines, the additional charge shall be the greater of incremental cost to the Company that results from a failure to curtail or interrupt, or \$10.00 per therm for gas used in excess of the maximum quantity level requested by the Company.

Incremental cost, as referenced above, shall include any interstate pipeline penalties incurred as a result of customers' failure to curtail or interrupt, as well as the total cost of incremental interstate pipeline capacity and/or gas commodity purchased to serve customers' load on the day(s) of curtailment or interruption.

**Conditions of Delivery**

1. Gas billed under these rates shall be on the therm basis.
2. This Rate Schedule applies to gas distributed to one customer at one location through one meter. For those customers where, at the Company's sole discretion, two or more meters are required for service, all such meters will be combined and the total service charge will be the same as though one meter was installed.
3. Gas that may be required for the operation of standby fuel equipment only (pilot lights) shall be available during periods of interruption under this Rate Schedule.
4. Gas obtained hereunder shall not be resold.

## City Gas Company

**Small Volume Commercial Gas Service - Interruptible****Conditions of Delivery (continued)**

5. When interruption of deliveries hereunder is required, the customer shall interrupt the use of gas at the time and to the extent requested by the Company. The Company will notify the customer as far in advance as is feasible, and the customer shall discontinue or interrupt the use of gas under this Rate Schedule as ordered by the Company. In addition, the Company reserves the right to test the interruptibility of any customer on this Rate Schedule for any period of at least four hours that the Company requests. The Company has the option of requesting this test interruption of service at least one time each year. The Company reserves the right to move any customer who fails three interruptions, either actual or test, to the firm Rate Schedule for which they would otherwise qualify, provided that the Company has the capacity to serve the customer under the firm Rate Schedule.
6. Any customer who fails to interrupt when required to do so may be subject to physical disconnection of service by the utility. The utility shall not be liable for damages for so doing.
7. Any customer receiving service under this Rate Schedule that wishes to discontinue the service and have the same load served under one of the Company's other system supply sales services shall apply for that service in writing. The Company will determine availability of the requested service and the customer will be treated as a new customer in determining the availability of gas.
8. The purchase of gas under any other rate schedule to replace that amount of gas curtailed or interrupted hereunder is not permitted.
9. Customer must designate a person or priority list of persons, together with instructions for communicating with such person at all times, who will be in responsible charge of curtailing customer's usage of natural gas as required by the Company.
10. If special equipment is requested by the customer, such as motor-operated valves, metering bypass, and remote control to monitor or regulate gas service, such special equipment shall be installed by the Company at the customer's expense. This requirement shall not apply to telemetering equipment necessary for the Company's convenience. The ownership, installation, operation, and maintenance of all such equipment shall be under the exclusive control of the Company.
11. The rates and character of service under this Rate Schedule are subject to review and change by the Public Service Commission of Wisconsin.
12. This service is subject to the conditions of delivery set forth herein and to the Company's rules and regulations for gas service.
